

JIVA ENGINEERING AND CONSULTANCY

Complete Fire Protection Engineering Solutions

आपकी सुरक्षा, हमारा संकल्प

ABOUT US JIVA

At JIVA Engineering and Consultancy, we believe that fire safety is more than a legal requirement. It is a commitment to protecting lives, safeguarding valuable assets, and ensuring business continuity.

We are a trusted Fire Protection Engineering company providing comprehensive fire safety solutions for Commercial, Industrial, Residential, Institutional, Healthcare, Hospitality, and Infrastructure Projects across India. Our expertise covers the complete lifecycle of fire protection systems, from planning and design to installation, testing, commissioning, maintenance, and long-term technical support.

Our team of qualified engineers and safety professionals is committed to delivering innovative, reliable, and cost-effective solutions that comply with National Building Code (NBC), Indian Standards (IS), and Fire Department regulations. Every project is executed with precision, technical excellence, and strict quality control to ensure maximum protection and operational efficiency.

OUR VISION

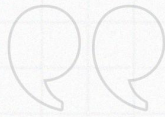

Our vision is to **become one of India's most trusted and preferred Fire Protection Engineering companies** by delivering innovative, reliable, and sustainable fire safety solutions. We aim to set new benchmarks in quality, safety, and customer satisfaction while contributing to a safer future for industries, businesses, institutions, and communities.

Through continuous innovation, advanced technology, and professional excellence, we strive to create fire-safe environments where people can live, work, and grow with confidence.

BUILDING SAFER ENVIRONMENTS THROUGH ENGINEERING EXCELLENCE

OUR MISSION

At JIVA Engineering and Consultancy, our mission is to provide comprehensive fire protection solutions that ensure maximum safety, operational reliability, and long-term value for our clients.

We are committed to:

- Delivering high-quality Fire Protection and Fire Detection Systems. Providing innovative, cost-effective, and customized engineering solutions.
- Ensuring compliance with National Building Code (NBC), IS Standards, and Fire Safety Regulations.
- Completing every project with precision, professionalism, and on-time delivery.
- Building long-term relationships through trust, transparency, and exceptional customer service.
- Continuously upgrading our technology, expertise, and workforce to meet evolving industry standards.
- Promoting awareness and preparedness through professional Fire Safety Training and Consultancy.

Founder & Director
PUSHPENDRA SINGH SOLANKI

JIVA Engineering
and Consultancy

With over 12 years of experience in Fire Protection, Industrial Safety, and HSE Management, I have successfully delivered fire safety solutions across industrial, commercial, healthcare, and infrastructure sectors.

Holding an M.Tech in Industrial Safety and a Post Diploma in HSE, I have worked with leading organizations including NTPC, BHEL, hospitals, and multinational companies.

At JIVA Engineering and Consultancy, our mission is to deliver reliable, standards-compliant fire protection solutions that safeguard lives, protect assets, and ensure complete regulatory compliance.

COMPLETE FIRE PROTECTION & ENGINEERING SOLUTIONS

5

OUR SERVICES

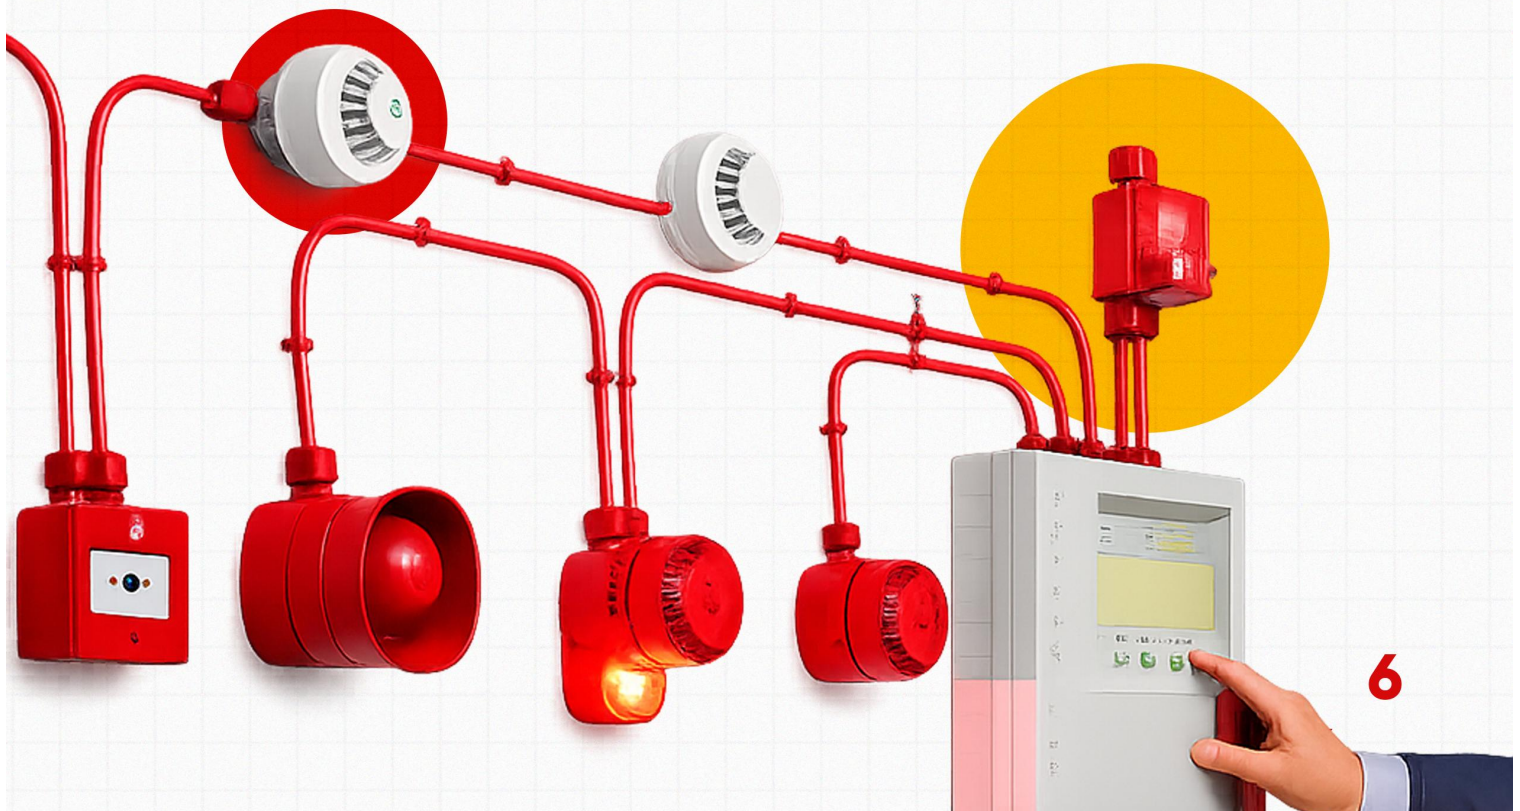

At **JIVA Engineering and Consultancy**, we provide end-to-end fire protection solutions tailored to meet the safety requirements of **commercial, industrial, residential, healthcare, educational, hospitality, and infrastructure projects**. From consultation and system design to installation, testing, commissioning, and maintenance, we ensure every solution is reliable, compliant, and built for long-term performance.

1. FIRE PROTECTION SYSTEM

We design and install complete fire protection systems that provide effective fire prevention, control, and suppression while complying with NBC and IS standards.

2. FIRE DETECTION & ALARM SYSTEM

Advanced smoke detection, heat detection, and intelligent fire alarm systems for early fire detection and quick emergency response.

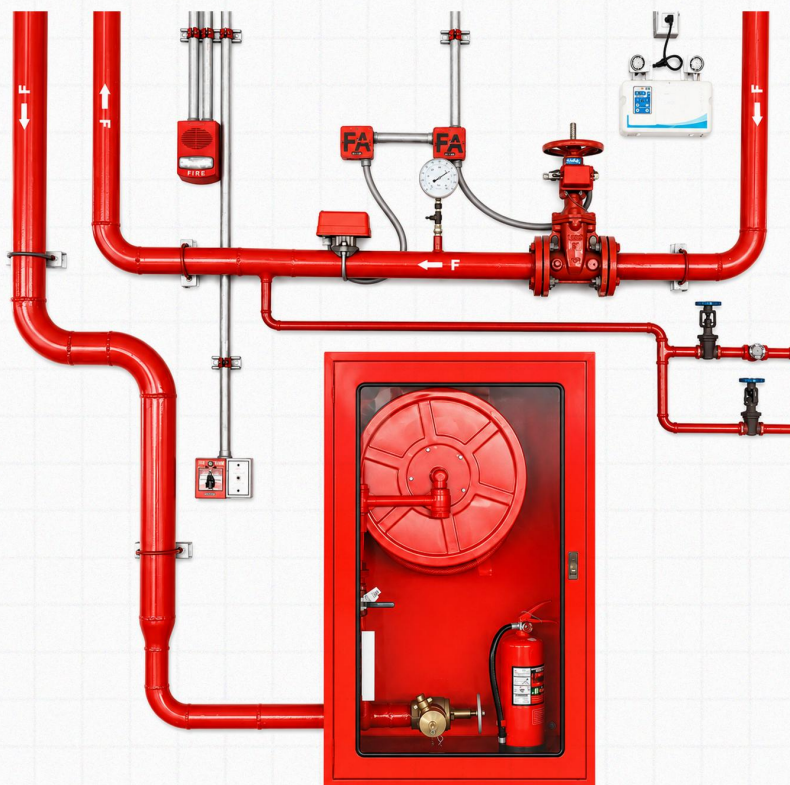

Engineered for **Safety**.
Designed for **Reliability**.
Trusted for **Performance**.

3. AUTOMATIC SPRINKLER SYSTEM

High-performance automatic sprinkler systems designed to control and suppress fires before they spread.

4. FIRE HYDRANT SYSTEM

Complete design, installation, testing, and maintenance of internal and external fire hydrant systems for buildings and industrial facilities.

FIRE FIGHTING

5. FIRE EXTINGUISHERS

Supply, installation, inspection, refilling, hydro-testing, and maintenance of all types of fire extinguishers.

6. FIRE PUMP SYSTEM

Installation and maintenance of Electric Pumps, Diesel Engine Pumps, Jockey Pumps, Booster Pumps, and complete Pump Room Solutions.

Professional fire safety inspections, risk assessments, compliance checks, and recommendations for improved workplace safety.

Complete assistance for Fire Department approvals, documentation, drawings, inspections, and obtaining Fire NOC.

हर भवन की सुरक्षा,
हमारी ज़िम्मेदारी।

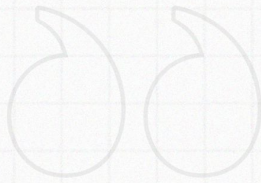

FIRE FIGHTING

OUR PRODUCTS

JIVA Engineering and Consultancy supplies a comprehensive range of certified fire protection products that ensure maximum safety, reliability, and compliance with industry standards. We source high-quality equipment from trusted manufacturers to deliver durable and efficient fire safety solutions for every type of project.

Our products are designed to meet the requirements of commercial **buildings, industries, hospitals, hotels, educational institutions, warehouses, residential complexes**, and infrastructure projects.

Solutions.

WHY CLIENTS CHOOSE US

- Experienced & Qualified Engineering Team
- Complete Turnkey Fire Protection Solutions
- Customized System Design for Every Project
- High-Quality Certified Products
- Compliance with NBC, IS Standards & Fire Safety Regulations
- Modern Technology & Industry Best Practices
- Timely Project Execution
- Professional Installation & Commissioning
- Annual Maintenance Contract (AMC)
- Quick Technical Support & Emergency Service
- Transparent Pricing & Cost-Effective Solutions
- 100% Customer Satisfaction Focus
- Reliable After-Sales Service
- Safety, Quality & Performance Guaranteed

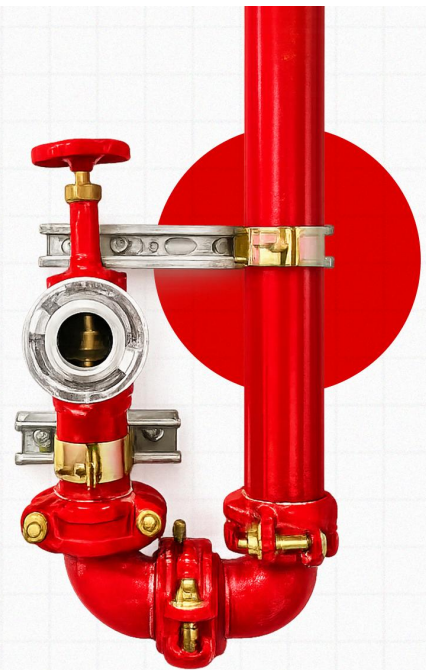

CONTACT US

Whether you're planning a new project, upgrading an existing fire protection system, or need expert technical consultation, JIVA Engineering and Consultancy is here to help.

Our experienced team is committed to delivering reliable engineering solutions, timely project execution, and professional support for all your fire safety requirements.

From consultation and system design to installation, testing, commissioning, and annual maintenance, we provide complete end-to-end fire protection services under one roof.

Partner with JIVA Engineering and Consultancy to ensure the highest standards of safety, quality, and compliance for your projects.
